

Scholarship Announcement
Salt Lake Valley Environmental Health

Who Can Apply: High School Seniors and Undergraduate College Students, attending schools located within Salt Lake County

Application Deadline: August 6, 2010

Amount of Award: \$500

Description:

A funding resource for career development, educational programs, and the future. Salt Lake Valley Environmental Health strives to protect the environment and the quality of life along the Wasatch Front. With this scholarship the Division supports students committed to a career in environmental protection by providing financial assistance for their education.

Enrollment Requirement: Submit a 500 word essay to Salt Lake Valley Environmental Health describing your commitment to environmental protection and a sustainable society.

Areas of Study: Preference will be given to students involved in these areas of study: Environmental Sciences, Physical Sciences, Business, and Political Science.

Award Date: August 27, 2010

Submission Information:

Mail your completed 500 word essay along with personal contact information to Salt Lake Valley Environmental Health. Provide sufficient transit time that materials arrive before the submission deadline. Materials received after the deadline will not be considered. Submissions can be submitted in person.
